

Gasoline Prices Are Slashed in States of Middle West

200 MINERS ENTOMBED, MILE IN GROUND

SWEEPING MOTOR FUEL REDUCTIONS OF 5 TO 6 CENTS

STANDARD AND INDEPENDENT COMPANIES IN BROAD ACTION.

INQUIRY PROMISED

Department of Justice Will Launch Investigation into Conditions.

Chicago.—Reductions in gasoline prices begun when Governor H. McMeister of South Dakota ordered state highway supply depots to sell gasoline at 15 cents a gallon, assumed a national aspect today when price cuts announced by the Standard Oil companies of Indiana and Kentucky and independent producers became effective in mid-western and southern states.

Gasoline today was selling at 15.4 cents in Chicago, 14.4 cents in Omaha, 15.9 cents in Kansas City, 22 cents in Louisville, Ky., 11 cents in Dallas, Texas, and from 18 to 16 cents in other parts of Texas, with prices in other sections affected by the reductions varying according to freight rates.

5 to 6 Cent Cut

In Illinois, Iowa, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, Kansas, Missouri and parts of Oklahoma, the cut made by the Standard Oil company of Indiana was six and six tenths cents and that of the independents in the same territory five cents. Retail prices in Kentucky, Florida, Mississippi, Alabama and Georgia were reduced one cent.

Redskins Will Honor American Legion Head With Rank of Chief

Superior.—Arvin N. Owsley, national commander of the American Legion, will be made a chief of the tribe of Chippewa Indians here tomorrow. The ceremony, conducted by 100 Indians from the Couderay reservation, in full paint and costume, will precede a public address by the legion head here. A tribal dance will open the festivities, after which he will be adopted by the tribe. He then will be raised to the rank of chief and receive the traditional honors, including the bestowal of an Indian name.

VILLA REWARD TO CHARITIES

Mexico City.—Jesus Salas, the member of the Durango legislature, who is in jail following his voluntary confession that he led the band which killed Francisco Villa, has announced that he will donate the rewards offered for the death of the former bandit leader towards the establishment of a fund for the families of the Durango soldiers who were killed by Chihuahua state and others offered by the United States as a result of the Columbus raid have not been withdrawn.

STEAMER HITS CHANNEL ROCK

Southampton.—A party of 280 excursionists on the steamer Princess Ena had an exciting experience today when the vessel, in crossing from Southampton to St. Malo, France, struck submerged rocks in a dense fog. A hole was cut in the hull and many passengers were transferred to the boats. The rescue proceeded under her own steam. Two life boats, containing 80 passengers, were reported missing at noon, but no anxiety was felt.

RETURNS TO OFFICE

Marion, O.—Dr. C. T. Harding, father of the late president, came to his office today for the first time since the funeral. He said that he was "feeling tolerably well." He is 78.

YES, WE HAVE LOTS A NECTAR, IS LATEST DANCE; BEES DO IT

Madison.—President Birge of the University of Wisconsin welcomed the beekeepers who are attending a week's meeting here to Madison and the university late this afternoon. Other convention formalities were completed yesterday and today's activities were devoted entirely to the bee. The manner of life, activities in and out of the hive, and the best conditions under which honey is produced were discussed. The "nectar dance," a series of movements gone through by a bee, returning to the hive after discovering an especially large supply of nectar, done to attract the attention of other field workers and obtain aid in carrying for the supply, was discussed by Prof. W. F. Nolt of Washington, D. C. In one of the most interesting talks of the day.

HATE AND GREED REND EUROPE

By DAVID LAWRENCE

Copyright 1923 by Janesville Daily Gazette.

(David Lawrence, who arrived from Europe today, says the situation calls for an explicit statement from President Coolidge at once of American foreign policy whether it be isolation or greater co-operation as it is being developed by the late President Harding under the guidance of Secretary Hughes. Something needs to be said to Europe if only to clear the air.)

New York.—The situation in Europe is almost as incredible as it was in August 1914.

With genuine misgivings, might one ask: Have the nations of Europe gone crazy again? Are they determined to begin anew years of organized murder and challenge again the capacity of the white man to develop a Christian civilization?

For the facts of Europe are appalling and pitiable. Seeing first hand the plight of Europe is the only way really to grasp what a dangerous situation for all the world is being brought about by the nations of Europe, with Americans returning from the continent utter prayers of thanks.

There is, however, more sense than there is in Europe itself. American can help to lead Europe out of the wilderness when the right time comes—when the foundations have been built by the Europeans themselves. First there must be a will to get together and agree upon facts. Never was there such a mixture of motives, prejudices, hatreds and suspicion with what one would like to call "facts" except that there are no such things in Europe today.

Payment of Reparations.

No two nations agree, for instance, upon what Germany's capacity to pay reparations can possibly be. No two factions in Germany can agree on it.

But it is one thing to turn a cold shoulder to distracted Europe because the situation is distasteful—nothing could have been more distasteful than the events that prompted America to enter the war in 1917—and it is another thing to look with eyes of sympathy and speak words of plain, straight-forward logic to the European peoples. For Europe is more to be pitied than scorned.

No "Ghosts" in Europe.

In such a situation American silence, American aloofness, American caution can easily be mistaken for the timidity of selfishness. Despite all that has been said since the peace conference, the fact is Europe does not understand America. Bewildered first by the miraculous transport of two million men to rescue the allied cause, the same people can not grasp the reason for a sudden crawling into the shell without so much as a kind word.

SEEK AGREEMENT TO CONTINUE HARD COAL OPERATIONS

(Continued from page 1.)

In detail in conference with members of the commission.

Supply, First Objective.

An agreement to insure continuance of production after expiration of the present wage contract, whether or not there has been a settlement by that date of the questions over which the two sides are now deadlocked, will be the first objective of the commission, it was said, in its efforts at conciliation.

With such an agreement obtained, the commission then would be expected to make the first move in the dispute, concentrating first on the union demand for installation under the new wage contract of the "check off" system of collection of union dues.

It was this demand that broke up the conference between union representatives and operators at Atlantic City ten days ago, before the wage increase and other demands had even been discussed.

Soft Coal Men Duly.

Despite the present status of negotiations, there are several elements in the situation which government officials view as having an important bearing in weighing the possibilities of a suspension of anthracite production. One is the possibility of a large scale substitution of bituminous coal by consumers, bituminous operators having offered to undertake to make available suitable types of bituminous, and another is the usually heavy production of anthracite during recent months, which is now in storage.

Big Program for Edgerton Legion Picnic Wednesday

Edgerton—Two baseball games, an address by Governor Blaine, an airplane circus and a big musical with vaudeville, music and other sports will feature the American Legion picnic here Wednesday. POLICE WILL TRY TO CUT ACCIDENTS

Chief Warns Motorists to Drive Slowly Across Principal Corner.

Calling attention to the state law which says that in congested districts the speed of automobiles must be reasonable and safe, Chief Charles Newman announced Tuesday that he intends to instruct all officers of the police department to arrest motorists traveling too fast at the corner of Main and Milwaukee streets, the principal corner of the city.

"There have been too many accidents at this corner," said the chief, "and it is our hope that drivers will cooperate in reducing the lives of pedestrians and cutting down the number of accidents."

"When an officer is in charge of traffic direction at this corner, any motorist who may travel fast, but when there is no patrolman directing traffic, it is the duty of every driver to cut down his speed, especially in going around corners more—that is what they are put on cars for."

"The man on foot has certain obligations, too. The pedestrian should stop, look, listen and pay attention to the traffic officer's signals."

City Playground Picnic Planned at Yost's, Aug. 24

There will be a meeting of the playground directors at the high school at 4:30 p. m. Tuesday for discussion of the work to be done during the coming week and also to arrange for the community picnic and annual picnic to be held at Yost's park, Aug. 24. The picnic will be supported as it was last year by the Kiwanis club and will be for all children who sign up at the various playgrounds. All who wish to attend should sign up this week with the directors.

Outlines Growth of Union Labor

The movement of labor toward unions and federations was reviewed in a talk given by Malcolm Sharpe, executive director of the Janesville Rotary club at luncheon at the Grand hotel at noon Tuesday. Mr. Sharpe traced unionism from 1830 to 1880, when the present system of federation came into being. He analyzed the garment workers' system of arbitration boards, and their effect upon industrial peace. The speaker is a student at the University of Wisconsin, preparing himself by a course in social economics and law, for a connection with a New York firm. He has been in the garment workers of America as one of their clients.

The club observed the birthday of A. J. Gibbons, L. A. Markham was leader.

MORE BADGE TESTS AT SCHOOL GROUNDS

More badge tests were given Monday and Tuesday at the Adams, Webster and Douglas schools by V. E. Klotz, Douglas district director. The shooting was much better than in the first tests; a month ago.

Fifteen children now have passed the tests and are eligible for badges. They are: Harold Rasmussen, Donald Ashton, Gerald Monahan, James Walsh, Lloyd Gillingham, John Bromberg, Harry Kneip, Clem Bell, Keith Bolton, Edward Rasmussen, Otto Ambrose, John Monahan, Kenneth Gray, Elizabeth Dally and Harry Dumphy.

Tests were given Tuesday morning at the Adams and Webster and Douglas in the afternoon.

EXPECT NO ARREST IN FAIR EPISODE

Chief Charles Newman has made further investigation into the hostile slugging episode which occurred at the fair grounds last Thursday night, but no arrests are anticipated. The investigation was made through Chief Ben Hanson, Stoughton, who questioned Mrs. Rose Luce of that city, one of those struck by the unknown assailant. The police suspect a Stoughton man.

JOHNSON CREEK

Johnson Creek—Memorial services for President Harding were held Friday afternoon in the village park. The church bells tolled at 3 p. m. and all present bowed in silent prayer. The Rev. Mr. Carl Welter, town, offered prayer and was followed by "Lead Kindly Light," by Mrs. Althouse. The address, by the Rev. Mr. Welter, was on the faith of Harding, "Nearer My God to Thee" and taps closed the program. Several members of the American Legion appeared in uniform.

Mrs. Herman Diederich visited relatives in Route Sunday. Erwin Baker and Clara Weigel visited relatives in Oshkosh several days this week.

Mr. and Mrs. R. Wouffer were visitors in Waterloo Sunday.

Hattie Hass, Madison, and Minna Warnes, Juneau, spent the week-end here.

Services will be held in the Lutheran church Sunday.

Mr. and Mrs. Ted Vitencio, Madison, spent a few days with Mrs. Anna Warnes last week.

Myrtle Peizer visited her brother, Alvin, Chicago, over the week-end.

IDES OF AUGUST ARE HERE AGAIN--KER-CHOO! KER-CHOO!

Ker-choo! The idea of August is at hand and many, who have never before taken a flight to northern woods of Wisconsin and Minnesota, all sufferers of this now recognized malady insist that the first sneeze comes on Aug. 15, regardless of conditions, save perhaps environment. Consequently victims of this sneezing, snuffling, eye watering disease rearrange their whole mode of living to offset the attack.

Those working in offices plan their vacation so as to be out of this section of the country by the fifteenth. Housewives adjust their household duties, so as to conserve all strength for battling the disease.

Chronic sufferers, and all afflicted are chronic, say that no serum treatment or medicine relieves the sneezing and that the only relief comes by change of climate, preferably to the north woods. And what do they say about the effects of a sprig of golden rod, freshly waved in the face of the victim?

Cotton Mill Business Piles up During Month

Gravel Company Sued for \$400

Asking property damages of \$400 and court order preventing further waste of gravel and lumber Orlando V. Hanthorn, Janesville, filed suit against the Wilcox company, a corporation, in circuit court Tuesday.

Hanthorn through his attorney, Arthur Fisher, alleges that the Wilcox company, operating a gravel pit, near property on which he holds a mortgage, has looted the property value.

The Hanthorn property was conveyed to Emily Simpson in April, 1915, payment secured by a note of \$300 which remained to be paid. The property was assigned to the Wilcox organization in May 1923 and they have since, the petition reads, removed sand and gravel, the plain task that sand and gravel of equal quality be restored and that the Wilcox company be prohibited from further waste, including cutting of timber.

"There have been too many accidents at this corner," said the chief, "and it is our hope that drivers will cooperate in reducing the lives of pedestrians and cutting down the number of accidents."

"When an officer is in charge of traffic direction at this corner, any motorist who may travel fast, but when there is no patrolman directing traffic, it is the duty of every driver to cut down his speed, especially in going around corners more—that is what they are put on cars for."

"The man on foot has certain obligations, too. The pedestrian should stop, look, listen and pay attention to the traffic officer's signals."

LATEST MARKET REPORT

GRAIN

Chicago Review.
 Chicago.—After nearly a week's advance, the wheat market showed a downward tendency during the early dealings. Some of the selling was said to be on the part of foreign buyers, but general buying showed less vigor than of late and a number of commission houses appeared to be expecting a reaction in view of recent continued upturns. Country offerings, however, remained small and bulls took the position that price setbacks would prove transient. The opening, which varied from unchanged figures to 1/2¢ lower, was followed by a material decline all around. Futures which closed at 1/2¢ to 1/4¢ net lower with September 99 1/2¢ to 1/4¢ and Dec. 1.00 1/2¢ to 1/4¢ reflected the wheat market decline. After opening unchanged to 1/2¢ lower, Dec. 65 1/2¢ to 63 1/2¢ corn underwent a moderate general advance. In the later trading buyers continued to have an advantage with favorable crop reports from the central west more than offsetting damage advices from a southern zone which was easy at 64 1/2¢ to 1/4¢ net decline, Dec. 62 1/2¢.

Sept. 1.00 1/2¢ to 1/4¢ advance. Dec. 38 3/8¢ to 1/4¢. Later the less increased somewhat. Provisions were upheld by the firmness of the values.
